Current quarantine measures.

[Translated in this Bureau from the "Veröffentlichungen des Kaiserlichen Gesundheitsamtes," Berlin, June 10, 1896.]

GERMANY—*Hamburg*.—By ministerial resolution of June 1, the prohibition issued August 23, 1893, against the importation or transportation of personal clothing and bed clothing from Russia is suspended.

AUSTRIA.—By order of the ministry of the interior of May 26, the five days' sanitary supervision of arrivals from Alexandria is made to apply to arrivals from Egypt generally.

Instructions issued by the same ministry, May 29, to the municipal authorities of Trieste and Zara reaffirm the necessity for united action on the part of all officials and organizations for the prevention of the importation of cholera, and direct attention to previous instructions issued in regard to the arrival of sick persons, the transportation of the sick and dead, disinfection, and the effective operation of the established medical service.

By order of the port authorities of Trieste, vessels belonging to the Austrian Lloyd Line, bound for Egypt with intention to return, shall
